

Faith, Hope, and Love: The Hakeem's Journey (The Missionary Memoirs Series of the Van Raalte Press)

We have passed entirely through its crust to the inner world."

There was a fire in the outer division of the room, but none in the inner ; and for that reason, I suppose, the curtains were drawn.

I followed him, and found myself in a small apartment, plainly but not uncomfortably furnished and with its inner door, which was slightly ajar, opening into a paved courtyard.

A second and third door receded before me and slipped to one side as the first, before I reached a large inner chamber where I found food and drink set out upon a great stone table.

The outer circuit was covered as a lean-to all round this inner apartment, and long rafters lay from the thirty-two angles to the top posts of the inner house, being about twenty feet distant, so that there was a space like a walk within the outer wicker-wall, and without the inner , near twenty feet wide.

At the turn in the cleft the stairs ended, and the path was level; but it wound and twisted in a serpentine fashion, until suddenly at a sharp angle it debouched upon a narrow court, across which loomed an inner wall equally as high as the outer.

It is only since I have joined this Society that I have been made aware that in addition to the general members, of which body I believe that the Duchess and I are the sole representatives here, there are special members, and members of the inner circle.

Then he unlocked one of the safes and drew out from an inner drawer a parchment book bound in brown vellum.

The visitor slipped a plain metal armband from above his elbow, and pointing to an inscription upon its inner surface, whispered a word or two to the clerk.

Professor Maxon and von Horn walked over to the workshop and the inner campong to ascertain what damage had been done there.

Their inner life was so safe that they could bargain over externals in a way that would have been incredible to Aunt Juley, and impossible for Tibby or Charles.
