

Funny Clinical Research Coordinator Gifts: Lined Blank Notebook Journal Gift for Clinical Research Coordinator Write in

"Beastly funny country over that way," the narrator drawled with perfect casualness.

There have been a good many funny things said and written about hardupishness, but the reality is not funny, for all that.

When they sat down on the grass with Captain curled at their feet, Soot solemnly listening on a tree and Nut and Shell nosing about close to them, it seemed to Mary that it would be scarcely bearable to leave such delightfulness, but when she began to tell her story somehow the look in Dickon's funny face gradually changed her mind.

You don't expect a man to break off in the middle of a line, and snigger, and say, it's very funny, but he's blest if he can think of the rest of it, and then try and make it up for himself, and, afterwards, suddenly recollect it, when he has got to an entirely different part of the song, and break off, without a word of warning, to go back and let you have it then and there.

"Wasn't it funny for me to make such a mistake?" And at the thought he held his sides with laughter.

But it's all so funny. Sometimes I get scared when I think God's keepin' an eye on me all the time.

He fell with a dump, and as they always laughed then, he pretended that this was his funny way of finishing.

"It gives me one of my old, delightful funny aches.

Funny, he thought, that he had never observed this phenomenon before.

For some of the characters were meant to be funny, and the watching crowd knew and greeted them as such even before they spoke, just as we know and greet the jester or the clown.

'Yes, funny, are they not?' replied the little old man, with a diabolical leer; and then, without pausing for an answer, he continued--
