

Integrative and Functional Medical Nutrition Therapy: Principles and Practices

While you are learning, you are also learning Agile methodology, which is used for most companies out there.

Enyel Sequeira

The mentors, community managers and support staff are top notch and care greatly about student advancement and, ultimately, success. The program provides also great alumni network.

Linda Kovacs

Software Engineer at Accenture

Former Journalist

The entire team is so caring and thoughtful, and are willing to help in any way they can. They really make the program feel personal.

William Schutte

Full-stack Software Engineer at Cove.tool

Worked in Biochemical Engineering

The instructors were one of the best parts of the program. I really like the staff and found them very helpful and easy to talk to. You could reach them over slack whenever you are having trouble on a project.

Zachary Rodriguez

Web Developer at Curious Media

Worked in Film industry

Senior Frontend Engineer at OMEGA Systems

Former Teacher

Former Bartender

Web Developer at Neurogazer

Nathanael Anderson

Along the way I had a ton of fun, participated in group projects and hackathons, went to talks, worked in sprints, and learned a TON.

Worked in Mental Health and Outdoor Recreation

P

Full Stack Software Engineer at Zencare

Jake McCambley

Learning to collaborate with others, learning to adopt new technologies to solve unique problems, and learning what it feels like to build real projects gave me a massive leg up in the interview process.

Former Graphic Designer

Full Stack Software Engineer at Flexion

Desiree Bradish
