

## **Nursing Theorists and Their Work**

### Nursing Theory

The nursing profession has evolved greatly over time. Moving from dependence upon total medical direction providing basic care into an independent practice modality, nursing has its own nursing theory practice, nursing models, and distinct nursing interventions. Nursing theories have been developed by a large number of leaders in the nursing field. Below is a list of major nursing theorists who have contributed to the development of professional nursing practice into what it is today.
