

The Role of the Physical Therapist Assistant: Regulations and Responsibilities Regulations and Responsibilities

He plays the role of the villain.

She was given the starring role.

I had a minor role in the play.

After her husband left her, she had to take on the dual role of mother and father for her children.

She likes to play the role of matchmaker with her friends.

She challenged the traditional roles assigned to women.

We'll switch roles this time, and you can wash the dishes while I dry them.

It was a case of role reversal: the father stayed home with the children while the mother worked.
