

## Trust in the system: Research Ethics Committees and the regulation of biomedical research (Inscriptions)

"Some time ago you were fighting the Milk Trust , " Ernest said to him; "and now you are in Grange politics.\* How did it happen?"

Now that the Beef Trust had adopted the trick of raising prices to induce enormous shipments of cattle, and then dropping them again and scooping in all they needed, a stock raiser was very apt to find himself in Chicago without money enough to pay his freight bill; and so he had to go to a cheap hotel, and it was no drawback to him if there was an agitator talking in the lobby.

"But, of course, we have perfect trust in each other," said Rosalind presently, with charming illogicality.

And now I found myself in great distress; what little I had in the world was all in money, except as before, a little plate, some linen, and my clothes; as for my household stuff, I had little or none, for I had lived always in lodgings; but I had not one friend in the world with whom to trust that little I had, or to direct me how to dispose of it, and this perplexed me night and day.

I say that Admiral Bartram is not free to apply his legacy to such purposes as he may think fit; I believe he is privately controlled by a supplementary document in the shape of a Secret Trust .

And she never betrayed the greatness of his trust ! She attended him to the end of his life, and he died pressing her last gift (nineteen prizes) to his heart.

The Lion replied, "I have no objection, but you must excuse me for requiring you to find surety for your good faith, for how can I trust anyone as a friend who is able to fly away from his bargain whenever he pleases?"

Trust me, Estoteville alone has strength enough to drive all thy Free Lances into the Humber.

AN Undertaker Who Was a Member of a Trust saw a Man Leaning on a Spade, and asked him why he was not at work.

Not to confer in each case a degree of power commensurate to the end, would be to violate the most obvious rules of prudence and propriety, and improvidently to trust the great interests of the nation to hands which are disabled from managing them with vigor and success.

"None but fools trust to luck in play," Dolokhov had then said.
