

What Will We Do If We Don't Experiment On Animals? Medical Research for the Twenty-first Century

nominative plural of I.

(used to denote oneself and another or others): We have two children. In this block we all own our own houses.

(used to denote people in general): the marvels of science that we take for granted.

(used to indicate a particular profession, nationality, political party, etc., that includes the speaker or writer): We in the medical profession have moral responsibilities.

Also called the royal we. (used by a sovereign, or by other high officials and dignitaries, in place of I in formal speech): We do not wear this crown without humility.
